

## Developing Horizons Ministries

Equipping God's people for works of service

April – June 2013

**The Net** During the first three months of 2013 the ministry has seen the reality of *The Net*...a vision we shared in our first quarterly newsletter. Souls have been saved and lives have been changed.

The men and women in the local jail often do not know how long they will be incarcerated. This indefinite time period gives us the opportunity to get to know them, listen to their stories and share the gospel of Jesus Christ. Others are there for a few weeks or only for the weekend. We pray the seeds that are sown will take root and flourish in their lives. Some of the inmates are now released and have been mandated to work with the 2 year drug court program and have joined our Living Free support groups led by Jim Bowman and Bobbie Edwards at the DHM center. The following classes will begin in April.

Meeting the spiritual growth of those caught in the mire of the drug culture is the power of changed lives. However, it is only part of the process. Reentry into the community means help is needed with education, food, jobs, family problems. We can only do our part but we are also developing a new referral system to help meet these needs. Sometimes just having someone connect you with the services available is a huge piece of the restoration process.

Training at the Timothy House-Regeneration Ministries has continued through the last three months and I am continually amazed at God's favor and presence in our meetings. During this time God has touched lives, leading some of the residents to accept Christ as their savior or make a renewed commitment to the Lord.

God's Word is powerful and His Spirit moving among these men. I will continue to lead the group until I leave for Europe.

Last month *the net* extended to our neighboring state of Tennessee where I ministered the Unique By Design training in The Women of Hope rehab center in Cleveland. 15 women + a month old little girl and a one year old little boy were present. These are mostly young, multiple offenders in that jurisdiction. I believe as an individual and as a ministry we are doing our part...but my heart cries...there must be more! While in Cleveland I was asked to speak at a local church. A church whose outreach is a bridge into the drug culture.

Everywhere we turn, we see that whether it's the illegal drugs swamping our nation and the abuse of prescription drugs, this is a rampant problem. I also see that we must do something. The only thing necessary for the enemy to win is for the Body of Christ to do *nothing!*

Like Peter and John at the gate beautiful, we can only give ourselves to display the gospel in the power of God's Love and pray for His delivering power.

Increasing *the net*. While in Tennessee I was approached by the leader of "Crossroads Restoration Ministries", with the request to use the UBD material in their efforts in their ministry of saving and restoring souls in the

journey of restoration. We will be presenting a ‘UBD train the trainer’ for these leaders in June. If you would like to participate in training to become a facilitator of the UBD material call the DHM office and speak to Judy Mapp.

There is a new move of God—in my devotions there is a new release of His Presence and power. Prophetic words are being released that must be shared. If you are on the Morning Light list then you will have been receiving them—if you are not and would like to be a recipient then call Judy at DHM and your name will be added. What God is giving often comes in rhyme as this message did.

### Stirrings From The Myrtle Trees

*The feet of time are swift and sure, impending death is Satan’s lure. Look now to Zion, hold fast your stare, My angel host will meet you there.*

*Don’t turn your eyes from the justice seat, therein My Glory will be replete. I hear the cries of pain and need as horse hooves stamp on death’s dark deeds.*

*Relinquish now your hold on self and I will show My kingdom wealth. The day has come the hour is nigh, I rise to comfort My desire.*

*“Be still before the Lord, all mankind, because he has roused himself from his holy dwelling.”*  
[Zechariah 2:13]

### Missions — England – Austria & The Dominican Republic

As I travel again to fulfill the Great Commission I will be accompanied by Irma Flanagan from Young Harris Ga. Irma, already a UBD instructor will be working with me to edit a new book to be published later this year.

We would appreciate your prayers as we minister to God’s people in these nations. The itinerary for the mission trips is on page four of this issue.

This is a heavy schedule but time is short and we must be about our Father’s business. While I am away the activities of DHM will continue through those God has raised up as fellow laborers. Praise His Holy Name.

### The Land...

When first returning our ministry base to the

U.S. in 2000 the word of the Lord was... *Diane it is not enough to get in the river I want you to go down stream and be prepared to help those who are riding the wave of revival.*

We have established *Developing Horizons*

*Training Center* for that purpose.

Some time prior to our return, our son received a vision from the Lord to establish a Christian Retreat Center and as the Lord led the ministry purchased the land later to be called HARVEST HILLS.

Nestled in the North Georgia Mountains on the shores of Carters Lake the vision was born. Boundaries, architectural drawings and blueprints were developed and the journey began. Land erosion issues were tackled, lumber roads were cut through the woodlands, all allowing for strategic areas, such as a small lake and chapel site to be cleared. A big task financially was getting utilities run along the dirt roads to provide the power for a house to be built and a well for fresh water drilled. Our son's family moved onto the land and were now positioned to oversee the caretaking and seek the Lord for completing phase I by building the *Harvest Hills Lodge*.

We have been impressed that this is the year for 'building'—to me that is always defined as *making disciples* therefore developing and building the Body of Christ. Now there's more and I'm excited, we have never been called to ask or seek for means to actually build a building. Now it is time and we are about our Father's business gathering resources to fulfill His plan.

If you would like to know more about the HARVEST HILLS vision, sow financial seed, or pray for this Kingdom work simply e-mail: [Harvesthills@yahoo.com](mailto:Harvesthills@yahoo.com)

In 35 years I have never been one to do much fund raising—and I know God's faithfulness but I also know that sowing seed in fruitful work is part of the Kingdom reciprocity and the Word says ask-- so please pray for us and give as unto the Lord, for the fields are white for harvest!
